INSTRUCTOR

My students can digitally submit hand-written assignments in a few steps!

Sharp's solution allows timely assignment submissions.

I can collect and archive hard copy assignments digitally.

The Sharp MFP integration helped me improve overall student performance!

STUDENTS

I can access and print my assignments wherever a Sharp MFP is available!

I can login directly to Blackboard Learn on the Sharp MFP to submit my assignment.

I can meet assignment deadlines.

I feel confident and engaged in my course work!

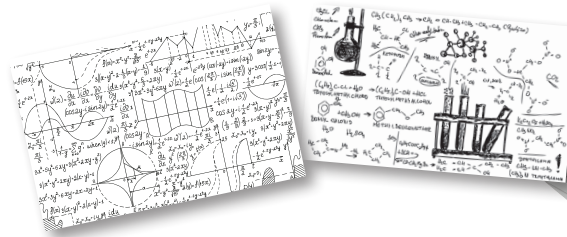

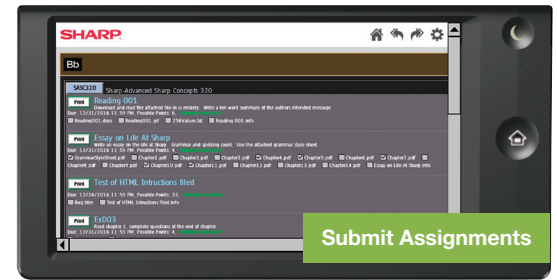

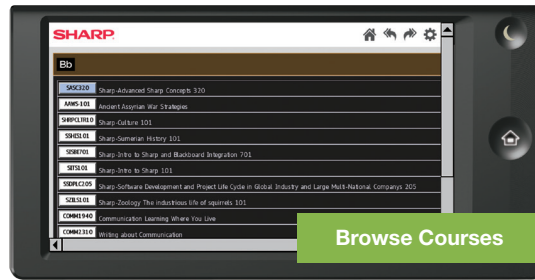

IT ADMIN

We can integrate paper and digital documents/data to fill the gaps of new and traditional workflows.

Sharp Integration allows us to improve student and faculty user experience with Blackboard Learn.

Sharp MFP integration with Blackboard helped optimize our technology investment!

LOGIN TO BLACKBOARD LEARN DIRECTLY FROM A SHARP MFP TO PRINT WORKSHEETS AND SUBMIT ASSIGNMENTS

Bb Blackboard Learn

Supported Systems and Requirements

- ▶ Blackboard Learn 9.1, versions October 2015, Q2 2016 and Q4 2016
- ▶ Sharp MFP Assignment Submission Building Block*
- ▶ AIP Connect V1.2 (Please reference AIP Connect datasheet for more details)
- ▶ Sharp MFPs enabled with Sharp OSA® 3.5 and above.

*Building Block: A Building Block is an application module that extends the functionality of the Blackboard Learn platform. For details on the Sharp MFP integration including the latest feature updates, configuration steps, and all technical considerations, please reference [Sharp's listing](#) on the Blackboard Extensions Site, which is accessible to all Blackboard customers.

OPTIMIZE YOUR INVESTMENT

With Blackboard Connector, one of the many solutions available for Sharp's AIP Connect, your institution can optimize your Blackboard investment by integrating with other network peripherals.

AIP Connectors:

- ▶ Blackboard Connector
- ▶ OneDrive® Connector
- ▶ Exchange Connector (On Premise and Exchange Online)
- ▶ OnBase® Connector
- ▶ And more!

AIP Connectors support Single-Sign-On (SSO) with popular job tracking and accounting software such as PaperCut to secure access, resource management and convenience.
